Denise,

At John Hill's request to Larry Morgan, we did receive a copy of the CDPH memo from CDPH at 12:24 on Tuesday December 11th.

I don't have any e-mail from DTSC to Navy. (Medi might have contacted Dave Clark directly.)

(I've looked through my e-mails from last week.)

Let me know if you need anything else.

Jim

John;

The signature page of the attachment has been corrected. Please use this copy instead of the previous version. Thanks.

Good Morning,

I re-regret the error. Please find attached , signed, EMB's "Responses to Agency Comments on the Draft Historical Radiological Assessment- Supplemental Technical Memorandum, Naval Station Treasure Island, San Francisco, California".
